2. CROSS-DOCUMENT VERIFICATION SCOPE

This synthetic record provides the structured fields extracted from a Vehicle Registration Certificate (RC) during automated motor claim verification. The registration number (**MH-12-AB-1234**), chassis number (**MA3EJKD1S00123456**), engine number (**K12MN9876543**), and vehicle make/model match the Motor Insurance Claim Form on Page 1.

> **QA Test Trigger — Name Matching:** The RC Owner Name is populated as **RAJESH KUMAR SHARMA** while the Claim Form lists **R. K. Sharma**. Naive character-sequence matching scores this low (false mismatch), whereas token-set initial matching recognizes it as a valid match.

DRIVING LICENCE RECORD (DL)

Mock Driver Authorization Extract for Expiry & Date-Parser Testing (Document 3 of 3)

1. SYNTHETIC DRIVING LICENCE FIELDS

Driving Licence Number (DL No.)	MH12-20040045678
Holder Name	RAJESH KUMAR SHARMA
Father / Husband Name	KISHORE SHARMA
Date of Birth	10-03-1986
Blood Group	B+
Registered Address	FLAT 402, SHANTI NIKETAN, PAUD ROAD, KOTHRUD, PUNE - 411038
Class of Vehicle (COV)	LMV (Light Motor Vehicle), MCWG (Motor Cycle With Gear)
Date of Issue	13-02-2004
Expiry Date (Non-Transport Validity)	12-02-2024
Licence Status on Accident Date	EXPIRED (Expired 27 days before 10-03-2024 accident date)

2. DATE AMBIGUITY & EXPIRY CROSS-CHECK SPECIFICATION

This synthetic Driving Licence record is engineered to test both cross-document expiry detection and locale-aware date parsing. Under standard Indian date formatting (**DD-MM-YYYY**), the licence expired on **12 February 2024** (12-02-2024), which is 27 days prior to the **10 March 2024** (10-03-2024) accident date reported on the claim form.

> **QA Test Trigger — Expired DL & Date Parser Trap:** Under **DD-MM-YYYY**, Expiry (12 Feb 2024) is before Accident (10 Mar 2024) and MUST fire a HIGH flag for an expired licence. Under a broken **MM-DD-YYYY** parser, 12-02-2024 is misread as Dec 2, 2024 (after Oct 3, 2024), silently missing the expired licence.
